Dear Sanjay,

I am proud to be associated with the US India Business Alliance (USIBA). As a member company, we are very pleased with the assistance that we have received from USIBA in organizing business meetings for Orient Craft.

We are also delighted with the various networking opportunities and exposure to senior dignitaries that I have enjoyed through USIBA. We must compliment you on the reputation and network of relationships that you obviously have earned, and also on the efficiency and professionalism of your staff.

I would also like to congratulate you for the wonderful work that USIBA is doing to cement and grow relations between the US and India.

I am sure the US under the new President would continue to foster strong and mutually beneficial ties between the two largest democracies in the world, and that USIBA will have a very significant contribution towards this cause.

Please accept my best wishes in your continued endeavor.

Best wishes,

Sudhir Dhingra
