Dear Mr. Puri:

I want to thank you for the incredible job you did for the New Mexico trade mission to India. Often, we find that mission support providers are only able to offer support in certain areas or with government-to-government meetings, but the US-IBA did a fantastic job in thoroughly supporting us in all areas.

The companies that participated in the New Mexico trade mission could not have been happier with the meetings that were set and the support in navigating both the business world and cities we visited. We had business people with very different needs, both in terms of their businesses and in terms of personal support, and the US-IBA did an excellent job of adjusting to the participants.

The meetings that were set for me with government representatives as well as with the media truly supported my mission to create relationships with Indian institutions and to promote Indian knowledge of the State of New Mexico.

I would greatly recommend to any state planning on taking a trade mission to India to utilize the services of the US-IBA.

Sincerely,

Danielle Duran
International Trade Coordinator
State of New Mexico
