March 2011

Subject: Testimonial

To Whom It May Concern:

I came to be associated with AUSIB during an event in Mumbai, India. AUSIB organized a speaking opportunity for me to address the Future of Financial Markets event in Mumbai, India.

I was very impressed by the efficient handling of my travel to India, including the otherwise cumbersome visa procedures. My visit to Mumbai was smooth and left me with plenty of time to concentrate on the purpose of my visit, my presentation at the event.

I look forward to working AUSIB in the future to participate in additional events coordinated under their auspices.

Sincerely

Curt Weldon
